

# SOFTWARE

## Learn it, Love it!

### Basic Computer Skills for Embroidery

1 session

\$50

This class will introduce you to the basic computer terms and techniques that you'll need to broaden your embroidery horizons. We'll create folders and files, download and save designs and send designs to your machine. Bring your laptop, or just come and watch and begin your adventures in embroidery. Sat 2/26 9:00-12:00

### SOFTWARE CLASS INFORMATION

*Prerequisite for software classes below:* basic computer skills and the current version of the software installed on your computer prior to class. Bring your laptop to class.

Tuition: \$50 for all four sessions for software purchased at Ann's  
\$150 if you purchased your software elsewhere

**Ready to upgrade?** If you are interested in upgrading your current software, you are welcome to attend the first class for a \$50 fee. The fee will be applied to any new software or upgrade purchase at Ann's that day.

#### Get to Know

### Bernina Embroidery Software V6

4 sessions

\$50/\$150

A great class for beginners who want to explore all the creative uses this software has to offer. Learn to edit, monogram and use Corel Draw to create your own unique designs. Plus explore digitizing. Bring your

laptop and begin your adventure in Version 6 software.

Sat 3/5, 5/7, 6/4, 9/10

1:00-4:00

#### Getting the most from

### BabyLock

### Masterworks II

4 sessions

\$50/\$150

Now that you have the software, bring your laptop and follow step by step instructions on using several features of this program. Learn to transform live art and images into your own customized designs. We'll edit, customize and explore digitizing in this time saving wizards of this software. Sat 3/5, 5/7, 6/11, 9/10 1:00-4:00

**Don't forget - Embroidery Software is multi compatible!**

*For example, if you embroider on a Viking, but love the Bernina Software, it will work!  
They all work with each other!*

### Exploring Husqvarna Viking 5D Software

4 sessions

\$50/\$150

Create your own designs from clip art and customize them using editing features and specialty fills. With your laptop, learn to adjust, monogram, personalize and combine your embroidery designs.

Sun 2/20, 4/3, 6/5, 9/11

### Floriani Embroidery Suite Pro

4 sessions

\$50/\$150

Using your laptop, you'll start to create your own digitized designs with your Floriani software. You'll personalize your creations using auto editing, borders, frames, monograms and lettering. This class will introduce you to the many easy to use features of this software. Sun 3/13, 5/22, 6/26, 9/18 12:00-3:00
